

WORLD MALARIA DAY- 2023

World Malaria Day is observed annually on 25 April 2023, to bring global attention to the efforts being made to bring an end to malaria and encourage action to reduce suffering and death from the disease.

In view of the World Malaria Day 2023 theme - **“Time to deliver zero malaria: invest, innovate, implement”**. **Fastest finger first**, competition was organized by the Department of Microbiology for II MBBS students on 27/04/ 2023.

The fastest first finger competition was conducted by Dr. Yashaswini M. K. and the 6 toppers were selected to form 3 teams.

Team A: Chandan Kar and Faizan Ahmed Mir

Team B: Swati Sudha Das and Deesha Prasad

Team C: Neha Rakesh Nair and Anokhi M

Picture quiz was later conducted by Dr. Archana Rao.

The winners of the competition were: Team C

.
